

DISCIPLINE COMMITTEE

The Discipline Committee of the College strives to help and guide the student community to acquire the required sturdiness in their conduct and character so that they can successfully survive with great success in any social environment during their studies and after graduation.

OBJECTIVES OF DISCIPLINE COMMITTEE

- Ensuring that the College environment is peaceful and highly academic.
- Enabling the dedicated staff members of the college to understand the nature and pulse of each and every student during different activities of the students.
- Motivating the students to acquire high levels of disciplined behaviour through excellent teacher-student relationship.
- Encouraging the students to establish in them the ability to work for their aim in a focussed and effective manner.
- Judging the students involved impartially and judiciously in an event of indiscipline.
- Preventing any incidence of ragging by properly educating the students by exhibiting good postures and by conducting expert seminars frequently.
- Making the student community understand that disciplined conduct and character should bring them success during college days and even throughout their lives.
